

## Sensitive Skin + Barrier Repair Plan

Package Cost: . . . . . \$ 515.00

**\$163.50 total value in FREE support**

(\$86.50 in FREE Pro-Use-Only formulas + \$77.00 in FREE Retail + Merchandising Support)

Our barrier reparative innovations allow you to treat clients with more than just a traditional “sensitive skin type” – they’re for any skin that is compromised, sensitized, irritable or intolerant due to a weakened or damaged hydro-lipidic barrier. Our clinically calm collection has earned industry awards, 5-star reviews and above-benchmark consumer perception claims, targeting redness, dryness, rosacea, irritation, stinging, flushing, visible capillaries, environmental stress, eczema, psoriasis and acne-prone skin.

Bioelements knows that what’s *not* in a formula is just as important as what’s in it. They’re FREE of all known irritants, contain none of the 7 top known allergens but full of high-performance barrier repairing key ingredients: skin strengtheners, lipid rebuilders, inflammation reducers, redness controllers and free radical fighters.

This plan comes with the entire inventory to perform our corrective Barrier Repair + Relax Facial that triple-targets sensitivities and nourishes the skin’s barrier with active strengtheners as calming acupressure massage movements alleviate tension reduce facial strain and melt away stress. In two activity tiers designed to deliver personalized results with increasing levels of active enzymes.

For only \$515, you receive a plan valued at \$163.50 in free support and a spa retail investment worth \$245. This is an unbeatable opportunity to elevate your spa’s offerings.
