We are proud to be OEKO-TEX® certified.

Wake up feeling good about yourself. Even if you don’t make it to the gym first thing in the morning, just look over at your LOQI. It’s an eco-friendly, OEKO-TEX® certified product. This is proof of our commitment to producing sustainable products without harmful substances. The certification includes tests for illegal substances, legally regulated substances, substances which are harmful but not yet regulated, and also includes precautionary measures to safeguard consumer health around colour-fastness and skin-friendly pH-value….Phew!

The LOQI factory is accredited by BSCI, a third party verification of the factory’s compliance with labour laws, employee health, safety and environmental initiatives.
