LT-A4

4 Seat Golf Cart Community Vehicle

The A4D is used extensively as a general purpose people mover in gated communities, caravan & lifestyle resorts, theme parks and retirement villages. The forward facing rear seat adds an element of security and inclusion for passengers, particularly the elderly, infirm and children. Fitted with an optional launcher style 4 bag rack the A4D is an ideal foursomes golf buggy reducing course congestion and operating costs for smaller resort style golf courses.

**This is not a road vehicle. It has been designed principally for non-public road use. Compliant for conditional or limited access registration only.*

Outstanding Specifications & Exceptional Warranty

Based on advanced German engineering and design all e-car models feature the industry's leading U.S.A. and European brand electrical and mechanical components and are backed by an exceptional warranty.

2 YEARS on electrical and mechanical components

2 YEARS on batteries
