Cloth Covered Pendant Cord by Conway Electric

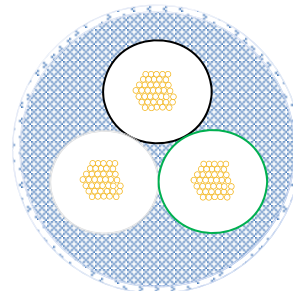

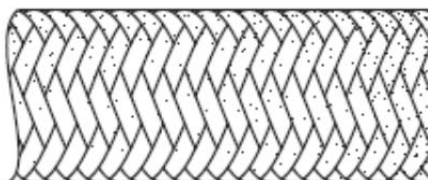

- UL Listed Cloth Covered pendant cord
- Ultra soft for straight hang & bend
- Woven in many patterns
- Custom designs optional
- Full spool length is 500'
- Order any length: 1' or more

Conway Electric is the first company to produce UL-Listed cotton-covered pendant cord in the United States. Engineered from the ground up, our pendant cord is more pliable than most because our jacket formula is custom-manufactured for us by an American factory. This allows quality control and gives you an easier product to work with. Our pliable cord and flexible purchasing policy with no minimum order quantity means we can fit projects of any size.
