

AXIS BAR LEANER

Research suggests that by simply standing during meetings helps to boost energy, productivity, and engagement. It even helps to speed up meetings.

With frames to support a variety of work top sizes and an unobtrusive foot design, Axis Bar Leaners provide an excellent, impromptu place for workers to gather. They're ideal for quick meetings, reviewing documents, or simply catching up. Workers rarely have time to sit for extended meetings during their time in the office, so touchdown spaces can help provide more supportive options.
