RBM Noor Up

 A brand of Scandinavian Business Seating

RBM Noor Up

RBM Noor Up is a medium high sledgebase chair within the popular RBM Noor collection. The RBM Noor was originally developed through a unique collaboration between the Scandinavian designers StokkeAustad, Form Us With Love, Grønlund Design and Scandinavian Business Seating. StokkeAustad has now taken the design further with RBM Noor Up.

RBM Noor Up has the same contemporary classic design as the other RBM Noor models. The characteristic Scandinavian identity, rich colours, functionality and high usability create stunning social areas.

RBM Noor Up is ideal for use in break-out areas, coffee bars and meeting areas in various environments, being in open offices, canteens, private homes and places where people meet to socialise and interact.

The seating height of 63 cm provides natural ergonomic seating comfort for the users. It fits well for use with tables around 90 cm's high, i.e. RBM Allround tables. RBM Noor Up is stackable up to five chairs. Armrests are optional in addition to a wide range of PP shell colours, 3D veneers, frames and fabrics.

The RBM Noor Up model has a low impact on the environment due to the use of recycled and recyclable materials and it's durable design. Environmental friendly surfaces with high wear-resistance are used on the steel frame.

The RBM Noor collection has been rewarded several design awards, among others the Red Dot Award and Red Dot "Best of the best" Award in 2013.

Model	Description
6090	RBM Noor Up Medium high polypropylene chair on steel sledgebase
