

FLOOR TILERS PRO

LX11 Premium

The new LX11 Premium in both red beam and green beam is the class leader for floor tilers. With 2 beams at 90° for true set-out, adjustable legs to keep the tool above the tiles and a target plate. The LX11P is the laser to increase a tilers efficiency. The Green beam gives greater visibility over a larger distance, for even more efficiency and productivity, especially over larger commercial projects.

Specifications	012-LX11P-Red Beam	012-LX11PG-Green Beam
Light Source	635nm Red, 522nm Green	
Output	Laser Class 11	
Accuracy	0.4mm/m	
Batteries	3 x AAA
