

Yugen Handmade Jewelry | Wholesale Catalog

About Us

Yūgen was founded by Lauren Beacham in 2007, and was a creative outlet after earning her BFA in photography to bring art and jewelry together. After 4 years of significant growth, Lauren left her job as a gallery director to run her business full time. In the years since, she's had the help of several wonderful assistants who have brought love and life into the studio. Beacham now operates Yūgen as the sole maker and designer in this handcrafted business.

We at Yūgen are here to provide excellent customer service, beautiful products, and a welcoming atmosphere. We are here to celebrate the universe with you and your clients - its literal beauty, incredible mystery, and the people and places we find as our home within it. There is nothing quite like capturing the magnificence of the cosmos and turning it into dreamy, wearable treasures. We hope you agree and look forward to welcoming you to our retailer community!

Ordering Information

HOW TO ORDER | We accept itemized purchase orders through email (hello@yugenhandmade.com) or you can order through yugenhandmade.faire.com. Some of our items are customizable. Please read item descriptions to see which products have variations or customizations. When submitting a PO, please specify which finish (if applicable) you would prefer and which galaxy images (if applicable, items will be marked with a "  " and choices can be made from the key on the next page) you would like your items made with. If you're not sure where to start, please contact us! We are happy to help curate a great starter collection for you based on your needs. We try to update this catalog twice per year, but Faire is updated regularly. All new items are marked with a 

PAYMENT | We accept mailed checks or secure bank transfers through our Quickbooks invoices for orders submitted through email. If you would like to pay by credit card, please order through yugenhandmade.faire.com.

PACKAGING | Our wholesale products are packaged in lip-tape cellophane bags and arrive with care information. If you need jewelry boxes, please contact us before ordering for a quote.

JEWELRY CARE | Our jewelry is handcrafted to order and is not 100% waterproof. We include care cards with each individual item ordered for the convenience of your customers. We also recommend that products with a shiny finish be stored in airtight bags when not in use to slow oxidation and prevent tarnishing.

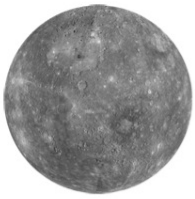

METEORITE & NATURAL STONES | Please allow for variances that deviate from the product photos for pieces made with meteorite and natural stones as each will be individual and unique.

MOQ & TURNAROUND | Our MOQ for a first order is \$200 before shipping. Payment is required up front for first time orders (with few exceptions, please ask!) After a successful first order, there are no order minimums and net30 options can be discussed with references. Our standard production turnaround is approximately 2 weeks. Please communicate any timeline needs you have as this will vary based on order size and current workload.

Available Celestial Images

Please use this key of available celestial images to notify us of the customization you prefer for any items you order that are marked with "○" in the catalog.
