

THICKSLICK TIRE / TECH SHEET

Made with a burly casing designed to withstand the roughest urban conditions, while the no-nonsense, slick design provides the bite you need in the concrete jungle. It's no wonder why this tire has a cult following among couriers, those not wanting to deal with flats and value-conscious consumers.

3X TECHNOLOGY

1. Twice as thick tread rubber as a standard tire to reduce punctures

2. Extra thick sidewall rubber to prevent punctures

3. Three times as thick nylon cord casing to prevent punctures

Extra thick sidewall rubber to prevent punctures

Extra thick nylon cord casing to prevent punctures

ThickSlick with thicker nylon casing

Standard size nylon casing for comparison

PUNCTURE PROTECTION

The thicker the casing and sidewalls, the harder it is for glass, pins, staples and other urban hazards to worm their way in.

TWICE THE TREAD RUBBER

Twice the tread rubber equates to twice the lifespan of a tire. This means your price is 50% off the competition.

SMOOTHER RIDE QUALITY

Twice the rubber makes for a smoother ride through rubbers natural absorption qualities.
