# MAKING STATEMENTS

## STRONG DESIGN | STRONG VALUES

We believe in making sustainable throws that stand out – bold designs that speak to passion points. To this end, we are committed to local manufacturing, sustainable materials and supporting the causes that mean the most to us as a small women-founded business.

Each year, we strive to achieve higher levels of design and lead a modern aesthetic by working with talented and inspiring artists. We also love to collaborate with our customers on custom gifts and hospitality projects.

Let us know how we can best work with you!
