Note: You can get your measurements at home. But please ask help of someone and follow my instructions. If possible, you may also go to a professional tailor for assistance.

1 BUST

Please take the tape around your back and bring it across your nipple line. It should be the **FULLEST PART** of your breast.

2 UNDER BUST

Please take the tape around your back and bring it across right **UNDER YOUR BUST**. You should keep the tape parallel to the floor while getting this measurement. Please don't keep the tape too tight around the body.

3 WAIST

You should measure the **SMALLEST PART** of your waist. Typically it's a few centimeters of above your belly button.

4 HIPS

You should measure around your hips at the **FULLEST PART**, usually located 7 to 10 inches below your natural waist. Sometimes fullest point is located more in thighs area, in that case you should use that value.

5 SHOULDER TO NIPPLE

Please measure from the top center of your **SHOULDER TO YOUR NIPPLE**. You should stand straight and measure along the **FRONT** of your body straight down till nipple.

6 SHOULDER TO WAIST

Please measure from the top center of your **SHOULDER TO YOUR NATURAL WAISTLINE** (smallest part of your waist). You should stand straight and measure along the **FRONT** of your body, over the **FULLEST PART** of your chest.

7 HEIGHT FROM SHOULDER TO HEM (For Short or Knee Length Dresses)

Please measure from the top center of your **SHOULDER TO YOUR PREFERRED HEMLINE**. You should stand straight and measure along the **FRONT** of your body over the **FULLEST PART** of your chest. **PLEASE DON'T FORGET TO ADD YOUR HEELS IN THIS VALUE.**

8 HEIGHT FROM SHOULDER TO FLOOR

Please measure from the top center of your **SHOULDER TO THE FLOOR**. You should stand straight and measure along the **FRONT** of your body, over the **FULLEST PART** of your chest. **PLEASE DON'T FORGET TO ADD YOUR HEELS IN THIS VALUE.**

9 SLEEVE LENGTH

Please measure from your shoulder point to where you want dress sleeve ends. Please bend your arm a little while taking this measurement.

10 ARM HOLE

Please measure from your shoulder down under your arm pit and back up to your shoulder. Your hand should fall freely along the side while getting this measurement.

11 BICEPS

Please measure around of your biceps.

12 AROUND MEASUREMENT OF ARM WHERE THE SLEEVE ENDS

Please measure around your arm where the sleeve ends. I need this measurement for 3/4 or other custom length sleeves.

13 WRIST

Please measure around your wrist.

14 HOLLOW TO NECKLINE

Please measure from your neck **HOLLOW** (between your collarbones) straight down to the lowest point of your **DRESS NECKLINE**.

15 SHOULDER TO SHOULDER

Please measure from the edge of your shoulder socket all the way over to the same point on your other shoulder along the back.

16 NECK

Please measure all around along your natural contour of your neck, holding the tape - measure comfortably against your skin.

PICTURES OF FULL BODY

Please send me **PICTURES** of your **FULL BODY VIEW** from front and side, while wearing tight fitting clothing. This would be very helpful in your dress making process.
