

THE WORLD NEEDS

# THE WONDER YOU SEE

*a bucket list of everyday adventures that  
spark curiosity and surprise*

- Snip a flower or branch and put it on display
- Step outside and look up! What beauty do you see?
- Take in a sunrise or a sunset
- Write down a recent moment you don't want to forget
- Take a walk on a rainy day, find a puddle, and make a splash
- Discover the joy of cooking something new
- Wait for the stars to wake up, then take note of how brightly they shine
- Take a pencil and notepad outside and sketch something you find
- Let the sun hit your face for a moment (or two!)
- Listen to a song that makes you smile
- Sit beside a window and watch how the world moves around you
