

MYSHROOMS DEFENCE

MyShrooms Defence is a powerful combination of CHAGA, the King of medicinal mushrooms, and the Sunshine Vitamin D3. Chaga is a rich source of potent antioxidants and powerful phytochemicals, such as sterols, phenols, beta-glucans and melanin. Vitamin D3 is an essential hormone for disease prevention and the regulation of minerals. Combined they protect the body from diseases and pathogens, while strengthening the body's natural defence system.

Medicinal Ingredients (per ml):

Chaga (fruiting body).....125mg
 Vitamin D3 (Cholecalciferol).....1000IU

Non-Medicinal: Fulvic acid, purified water, glycerine, natural flavour, ethanol.

No GMO, sugar, starch, wheat, soy, gluten, eggs, salt or dairy.

Dosage: 1ml (6 sprays) once per day, or as directed by a healthcare professional.

Clinically developed. Professional results.
