HOW IT WORKS

1. 

After emailing us a photo of your bag, we will get back to you with a **proposed selling price** and **consignment fee**.

2.

Ship us your bag via Canada Post or the courier service of your choice with a tracking number. If you are in the Montreal area, we can arrange a **drop off** at our office.

3. 

Once we receive your bag, we will **reconfirm our agreement** by email. Your bag will be up on our website within **one week**.

4.

You will be paid **once your bag has sold**, and the buyer's return period has lapsed.

As of November 2017, we will issue payments **via direct deposit** using a third-party payment service: Plooto.

5.

We will keep your bags on our website for a minimum of **90 days** in order to allow the opportunity for them to sell. After the 90-day period, we will contact you to discuss reducing the prices or returning the bags back to you.

6.

We **take care of everything** and pay all the fees and costs associated with the sale.
