Available?	Latin Name	Common Name	1 Gallon	3 Gallon	Bigger	Bloom Time	Bloom Color	Height	Zones	Soil	Exposure	Water needs	Salt Tolerance	Deer Resistant (Not guaranteed)	Butterfly/Moth host	Wildlife	Notes		
	Perennial Flowers	Flowers																	
-	<i>Achillea ageratum</i>	Yarrow, Sweet + varieties	\$9	-	-	Summer	Yellow	1.5-3'	4-8	avg	sun	dry	-	✓	-	nectar for butterflies, bees, and beneficial insects such as wasps	drought tolerant, cut flowers		
-	<i>Achillea millefolium</i>	Yarrow, Common + varieties	\$9	-	-	Spring	White	3'	3-9	avg	sun,p.shade	dry	Moderate	✓	American Lady, Pearl Crescent	attracts ladybugs, nectar for butterflies and bees	drought tolerant, delicate soft texture		
-	<i>Agastache foeniculum</i>	Giant Anise Hyssop	\$9	-	-	Summer	Purple	2-4'	4-8	avg	sun,p.shade	med	-	✓	-	nectar for hummingbirds, bees and butterflies	Anise-like smell and taste, cuttings make tasty tea		
-	<i>Amsonia hubrichtii</i>	Amsonia, Narrow Leaf Blue Star	\$9	-	-	Summer	Blue	1-3'	5-8	avg	sun,p.shade	wet	-	✓	Snowberry Clearwing	nectar for various long-tongued insect (i.e. large carpenter bees and hummingbird moth)	brilliant golden fall foliage color, broad spreading with many stems, thread-like leaves, good cut flowers		
-	<i>Amsonia tabernaemontana</i>	Amsonia, Willow Leaf Blue Star	\$9	-	-	Spring	Blue	2-3'	3-9	avg	sun,p.shade	wet	-	✓	coral hairstreak	nectar for various long-tongued insect (i.e. large carpenter bees and hummingbird moth)	yellowish fall color, lanceolate leaves, good cut flowers		
✓	<i>Aquilegia canadensis</i>	Columbine	\$9	-	-	Spring	Pink	1-3'	3-9	well-drained	shade,p.shade	dry,med	-	✓	-	nectar for hummingbirds, bees and butterflies, seeds for birds	Unique dangling flowers and delicate leaflets		
✓	<i>Arachis glabrata</i>	Perennial Peanut	\$9	-	-	Summer	Summer	4"-10"	8-11	well-drained	sun, p.shade	med, dry	Slight	-	-	some nectar for pollinators and rhizomes for foraging wildlife	Groundcover with thick mats. Help with erosion. Do great in the lowcountry's heat and bloom all summer long! Drought tolerant.		
-	<i>Asclepias syriaca</i>	Common Milkweed	\$10	-	-	Summer	Purple	2-4'	4-9	avg	sun	dry,med	-	✓	monarch	nectar for butterflies, oleander aphids (mostly harmless) attract beneficial wasps	very pale lavender bloom, foliage slow to grow in the spring		
-	<i>Asclepias tuberosa</i>	Butterfly Milkweed	\$10	-	-	Summer	Orange	1-2.5'	3-9	avg	sun	dry	Moderate	✓	monarch	nectar for butterflies, oleander aphids (mostly harmless) attract beneficial wasps	careful of taproot when transplanting, tolerates poor soil, good cut flower, deadhead to encourage more blooms, foliage slow to grow in spring		
✓	<i>Asclepias incarnata</i>	Swamp Milkweed + varieties	\$10	-	-	Summer	Pink	2-5'	3-8	heavy	sun,p.sun	wet	-	✓	monarch	nectar for butterflies, oleander aphids (mostly harmless) attract beneficial wasp to garden	good for bog/water gardens, foliage slow to grow in spring		
-	<i>Asclepias perennis</i>	Aquatic milkweed	\$10	-	-	Summer	White	1.5-2'	6-9	avg	sun,p.sun	wet	-	✓	monarch	nectar for butterflies, oleander aphids (mostly harmless) attract beneficial wasp to garden	flower white, but with pink buds before open, good for bog/water gardens		
-	<i>Asclepias variegata</i>	Redring milkweed	\$10	-	-	Summer	White	1-3'	4-10	well-drained	sun,p.shade	dry	-	✓	monarch	nectar for butterflies, oleander aphids (mostly harmless) attract beneficial wasp to garden	white blooms with very small red ring at base of hood, tight ball-shaped umbel, foliage slow to grow in spring		
-	<i>Asclepias curassavica</i>	Tropical Milkweed	\$10	-	-	Summer	Red, Yellow	2-3'	9-11	well-drained	sun, p.sun	avg	-	✓	monarch	nectar for butterflies, oleander aphids (mostly harmless) attract beneficial wasp to garden	red flowers with yellow hood, evergreen, native to south america, naturalized in southeast, self-seeds. The general consensus is to cut your milkweed down over the winter to encourage monarchs to keep migrating south.		
✓	<i>Aster/Ampelaseer carolinianus</i>	Aster Climbing	\$9	-	-	Fall	Pink	5-6'	3-8	well-drained	sun	wet	-	✓	American Lady, Pearl Crescent	nectar for butterflies and bees	vine-like, lavender		
✓	<i>Aster/Symphotrichum cordifolius</i>	Blue Wood Aster	\$9	-	-	Fall	Blue	2-3'	3-8	well-drained	P.Shade	avg	-	✓	American Lady, Pearl Crescent	nectar for butterflies and bees	Light purple flowers for your shady butterfly garden		
✓	<i>Aster/Symphotrichum ericoides</i>	Aster, White Heath + varieties	\$9	-	-	Fall	White	6-8"	5-8	well-drained	sun	dry	-	✓	American Lady, Pearl Crescent	nectar for butterflies and bees	low, dense groundcover, a very heavy bloomer		
-	<i>Aster/Symphotrichum georgianum</i>	Aster Georgia	\$9	-	-	Fall	Purple	3-4'	3-8	well-drained	sun	dry	-	✓	American Lady, Pearl Crescent	nectar for butterflies and bees	dark vivid purple bloom, considered an endangered species in several states partially due to wildfire suppression, disk flowers in center start out cream color (not yellow like many other asters)		
✓	<i>Aster/Symphotrichum novi-angliae</i>	Aster, New England	\$9	-	-	Fall	Blue	3-6'	3-8	well-drained	sun,p.sun	wet	-	✓	American Lady, Pearl Crescent	nectar for butterflies and bees	similar dark purple color to georgia aster, soil preferred is slightly more moist than dry-loving georgia aster, disk flowers in center start out yellow, thicker stems than New York Aster, make for great cut		
-	<i>Aster/Symphotrichum novi-angliae</i>	Aster, New York	\$9	-	-	Fall	Pink	2-4'	4-8	well-drained	sun, p.sun	med	-	✓	American Lady, Pearl Crescent	nectar for butterflies and bees	pale pink to purple blooms, slightly shorter and bushier than New England Aster, long bloom time with more abundant blooms do to its more compact/branched growth habit		
✓	<i>Baptisia alba</i>	False Indigo, White	\$10	-	-	Spring	White	2-4'	4-9	avg	sun	med, dry	-	✓	Eastern-tailed Blue, Northern Cloudywing, Southern Cloudywing,	nectar for bees, butterflies and hummingbirds	nitrogen fixer, upright spreading clump, tolerant of poor dry soils		
-	<i>Baptisia australis</i>	Blue Wild Indigo	\$10	-	-	Spring	Blue	1-3'	4-8	avg	sun,p.shade	dry	-	✓	Eastern-tailed Blue, Northern Cloudywing, Southern Cloudywing,	nectar for bees, butterflies and hummingbirds	nitrogen fixer, spreads slowly to width of 4ft, good cut flower		
✓	<i>Calamintha georgiana</i>	Georgia Savory	\$10	-	-	Summer	Pink	6-18"	6-9	avg	sun,p.shade	dry	-	✓	-	nectar for hummingbirds and butterflies	semi-evergreen aromatic minty foliage, low grower, drought tolerant,		
✓	<i>Canna flaccida</i>	Golden Canna Lily	\$12	\$16	-	Summer	Yellow	2-3'	8-11	avg	sun,shade	wet	Slightly	✓	13 (non)showy species	nectar for butterflies and bees, cover for birds	can grow in standing water		
-	<i>Conradina canescens</i>	False Rosemary	\$10	-	-	Summer	Purple	1-2'	7-10	well-drained	sun	med	-	✓	-	nectar for bees and other pollinators	silvery needle-like leaves, drought tolerant		
-	<i>Coreopsis auriculata</i>	Coreopsis, Dwarf	\$9	-	-	Summer	Yellow	1-2'	3-8	avg	sun	dry	Slight	✓	American Lady, Pearl Crescent	nectar for butterflies, seeds for birds	groundcover, easy to control, cut back for new flowers		
-	<i>Coreopsis basalis</i>	Coreopsis, Goldenmane	\$9	-	-	Summer	Yellow	1-2'	3-9	avg	sun	dry	-	✓	-	nectar for butterflies	annual but great self-seeder, flower has unique burgundy center		
✓	<i>Coreopsis integrifolia</i>	Coreopsis, Chipola River	\$9	-	-	Fall	Yellow	1'	5-9	avg	sun,p.shade	wet	-	✓	American Lady, Pearl Crescent	nectar for butterflies	slowly spreading clump, floodplains		
-	<i>Coreopsis lanceolata</i>	Coreopsis, Lanceleaf	\$9	-	-	Summer	Yellow	1-2'	3-8	avg	sun	dry	Slight	✓	American Lady, Pearl Crescent	nectar for butterflies	grows vigorously in clumps, drought tolerant and hardy
