

- A. Download the compressed (ZIP) file named 'ContactDVD.ZIP' by accessing the URL provided after successful store checkout.
Note: An e-mail with the URL is also sent.
- B. Extract the ContactDVD.ZIP file to a location of your choice (be sure to remember the location of where you extracted the contents of the ZIP file)

1. [Download VLC Media Player](#)
2. Open the VLC setup wizard to install the software.
3. Next, launch the VLC software.
4. Click **Media** at the top left of the VLC window to open that menu.
5. Select the **Open Folder** option and select the folder of where you extracted the downloaded content.

6. Then select the Video_TS folder to import into VLC.

7. Press the **Select Folder** button.
8. Then click the **Play** button to playback the video.
