

Dear Coach,

Thank you for your commitment to excellence and your desire to help athletes succeed. BFS is your full-service company, not only for your equipment, but for weightroom safety, exercise instruction and total fitness program design. BFS is there for you "From Concept To Completion". To help you get started we would like to offer you a **free 2D weightroom design consultation** (a \$100 value).

In addition to being the most practical way to determine how to equip and organize your weightroom, this layout is invaluable when promoting your dream room to administrators, boosters and the community. With so many custom options, the look of your facility is limited only by your imagination.

If you'd like to go one step further in your presentation, we also offer the option of designing 3D renderings of your future facility. Using the latest computer graphic technology, we can provide amazing images of weightroom concepts. The cost is \$250, but we will waive that fee if you order \$3,000 or more of quality BFS equipment.

**To get started, please take a few minutes to complete the attached Weightroom Questionnaire and send it to BFS (via fax, e-mail or regular mail), please allow 3 to 4 weeks for completion.** Please be as specific as possible when answering the questions.

The information gained from this questionnaire will allow the BFS weightroom design team to layout the weightroom of your dreams. Our goal is to help you create a safe, efficient, championship weightroom so your athletes can make the greatest possible gains. We look forward to working with you and your athletes as you strive to reach your goals.

Please contact BFS with any questions or concerns. Remember our commitment to you only begins with installation of your new weightroom, BFS can help you with every step involved in building a championship program. With our various coaches certifications and youth character education and training clinics we are dedicated to assisting you as you shape young lives and encourage kids to reach their potential.

Sincerely,

A handwritten signature in black ink, appearing to read 'John Rowbotham', with a long horizontal line extending to the right.

John Rowbotham  
President, BFS Inc.
