

**SAFER
SCHOOLS
FOUNDATION**

INTRODUCTION:

The Safer Schools Foundation is a 501c3 Non-Profit Organization composed of a dedicated team of professionals whose top priority is keeping students, schools, and communities safe.

Program participants will be given the necessary tools needed to effectively manage social stressors enabling them to resolve problems in an intelligent manner with dignity and respect.

These lifelong integrated lessons will strengthen relationships with peers and formulate strong community bonds.

WHO WE ARE:

The Safer Schools Foundation was founded to strengthen communities and reduce the number of tragedies that have occurred at many of our schools. We need to bring our children, schools and communities back into a safer environment.

We offer a seven-tier training program that creates stronger, safer schools and communities. The program focuses on building strong moral character as well as physical and mental wellness for students, teachers and parents.

Our goal is to begin a movement of unity and healing. The program will train individuals to react intelligently to situations and resolve issues without violence. We believe in teaching to lead by example and to treat all people with dignity and respect.

We are a faith-based organization that strongly promotes diversity awareness and inclusion along with accountability for all members of the community. The Safer Schools Foundation believes that every life is important and deserves to be safe and valued.

WHAT WE DO:

Introducing P2P Fit and Safe:

P2P Fit and Safe is a 7 Tier Specialized Training Program.

- # 1: Situational Awareness, Shedding light on dangers and situations that surround us daily.
- # 2: Cops and Kids / Bridging the Gap Training Program. A powerful and uplifting program that goes beyond the badge.
- # 3: Enough is Enough; A comprehensive training designed to end bullying and promote inclusion.
- # 4: 15 Week Whole Body Physical, Mental and Character-Building Training Program.

This includes the first-ever self-spotting, small group training rack able to accommodate up to 50 participants at a time all while focusing on promoting physical, mental and character wellness.

- # 5: Teacher and Staff safety and wellness training program. Providing solutions to critical concerns of school staff.
- # 6: Suicide Awareness and Well Being training program. Understanding and recognizing the signs associated with suicide.
- # 7: Social Media Safety, Teaching the “do’s and the don’ts” of social media.

WHAT WE PROVIDE:

- Train the trainer video and volunteer recruitment video.
- Training manuals to be used for in-depth instruction to be kept on-site at your school for continued training each school year.
- On site seminar taught by a team of Professionals from P2P Fit and Safe.
- Safer Schools Foundation will gift a compact multi station gymnasium and training system focusing on teamwork, a perfect fit for all students, teachers and volunteers.
- Continued follow-up from Safer Schools Foundation to review metrics such as reduced incidents and successful program implementation.

**The Safer Schools Foundation in partnership with P2P Fit and Safe present
a unique program designed to help educate children, families and community members to reduce violence in their neighborhood.
We are creating safer and stronger schools and communities**

Together we will learn and progress. Together we will grow stronger. Together we will heal.
