

SMART LIGHTING™

Get style, convenience, security, and efficiency with Smart Lighting™ outdoor light fixtures. Enjoy the comfort and convenience of continuous bright illumination during the early evening hours. Using patented energy-saving technology, Smart Lighting™ automatically dims late at night to provide soft, ambient illumination until dawn. But, rest assured knowing that whenever motion is detected, on-demand bright illumination will be triggered to keep your property safe and secure.

EARLY EVENING

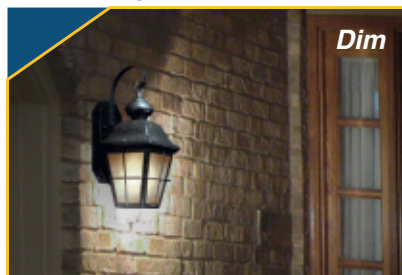

- ▶ Choose duration of continuous bright illumination for 0, 3, or 6 hrs

Continuous Bright Light for:

- ▶ Welcoming guests to a party
- ▶ Grilling burgers for dinner

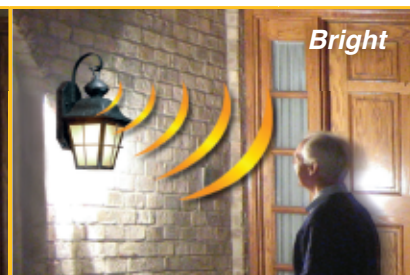

LATE NIGHT

- ▶ Energy-saving dim illumination the rest of the night

Continuous Dim Light to:

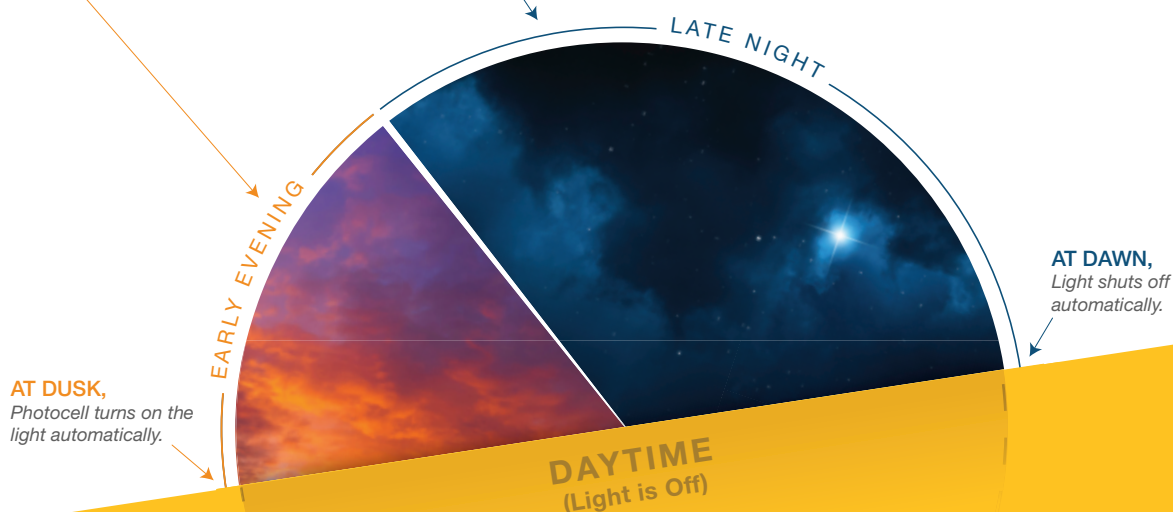

- ▶ Accent home's architecture
- ▶ Avoid disturbing neighbors

- ▶ On-demand bright illumination when motion is detected

On Demand Bright Light for:

- ▶ Arriving home late at night
- ▶ Discouraging unwanted visitors

PHOTOCELL

Each Smart Light has a built-in photocell that automatically turns the light on at dusk and turns it off at dawn.

TIMER

Integrated timer allows you to control duration of early evening bright illumination (0, 3 or 6 hrs) as well as late night on-demand motion activated bright illumination (5 sec to 3 min).

MOTION

The built-in motion sensor automatically switches the light to full brightness whenever you're nearby and need it most.
