

- What's in the Box**
- 1 V5.0S Mini PRO Dry Herb Vaporizer
 - 1 Borosilicate Glass Mouthpiece
 - 1 Water Pipe Adapter
 - 1 Liquid/Waxy Chamber (Made with organic cotton)
 - 5 Stainless Steel Screens
 - 1 Medium Stainless Steel Pod
 - 1 Packing Tool and Dabber
 - 1 Cleaning Brush
 - 1 USB Charging cable
 - 1 Warranty Information Card
 - 1 User Manual

- Key Features**
- Non Combustion Vaporizer.
 - Fully Isolated Air Path allows for clean and pure vaping.
 - Advanced Ceramic Heating Chamber.
 - Power Bank - Charge USB powered devices.
 - OLED Display with Full Range Temperature Control:104°F-446°F (40°C-230°C).
 - Sleek, compact design, Fits in the palm of your hand.
 - Built with the best medical grade materials.
 - Borosilicate Glass Mouthpiece.
 - Airflow Adjustable: Using the bottom Slider to regulate the air flow into the chamber.
 - Connect with water pipe adapter for exceptional vaping experience.
- Thank you for making Flowermate Technology your premier brand choice for exceptionally designed non combustion, multi-use vaporizers. Please read this manual carefully before using your V5.0S Mini PRO Dry Herb Vaporizer.

- Product Configuration**
- A. Power Button** -Power On and Off V5.0S Mini PRO.
 - B. Temperature Control Buttons** - Full range temperature control buttons.
 - C. Ceramic Heating Chamber** - Thoroughly and evenly heats your blend.
 - D. Mouthpiece** - Borosilicate glass ergonomically designed.
 - E. OLED Display** - Clearly view desired settings.
 - F. Screen Housing** - Holds mouthpiece firmly in place and removable screen housing.
 - G. Medium Stainless Steel Pod** - Pack your choice blend for present or on the go vaping (best paired with our Load'X Grinder and Loader - sold separately).
 - H. Liquid/Waxy Chamber** - Fill your choice oil/waxy (not at the same time).
 - I. Charging Port** - Micro 5 pin USB Charging cable.
 - J. USB Power Bank** - Charge portable USB powered devices.
 - K. Mouthpiece Storage Compartment** - Conveniently store the mouthpiece for compact portability.
 - L. Water Pipe Adapter** - Exceptional vaping experience.

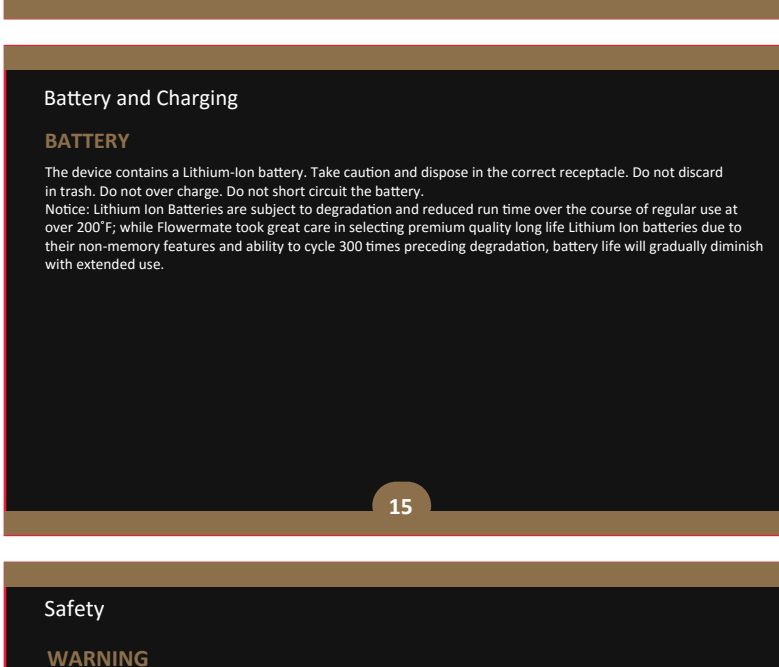

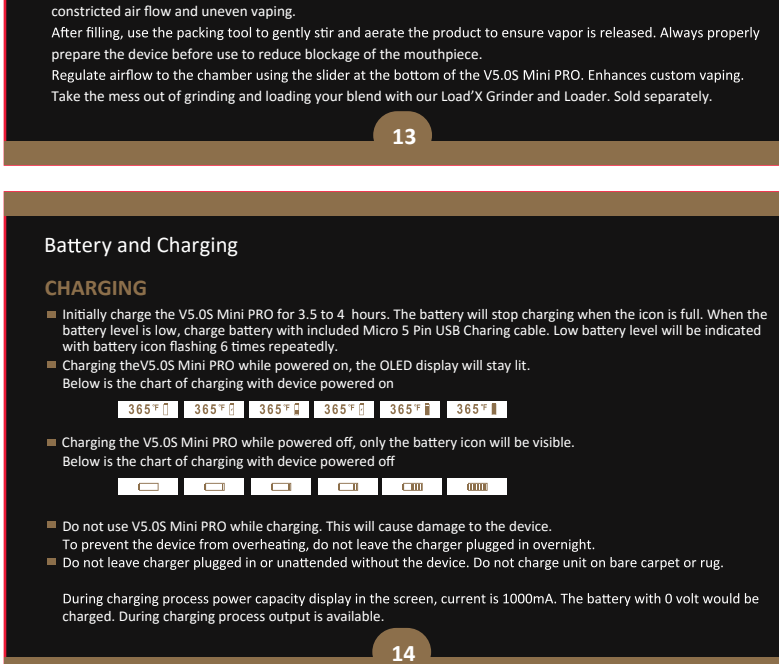

- How to Use V5.0S Mini PRO with Dry Herbs**
-
- LOAD**
- Open slider at the bottom of V5.0S Mini PRO and remove mouthpiece from the storage compartment.
 - Insert Screen into ceramic heating chamber.
 - Note: Screens (5) included in the housing unit and heating chamber can be changed periodically to ensure clean vaping. Additional screens sold separately.
 - To vape with Medium Stainless Steel Pods: Load choice blend loosely into the ceramic heating chamber. Tamp down with the dabber tool. Do not over fill. Close pod lid. Insert pod into ceramic heating chamber (note: do not turn on device while loading pods).
 - To vape with Load'X Grinder & Loader for mess free grinding and loading: Unscrew pod lid and loosely fill your choice blend into the pod (Recommended to use our patented Load'X Grinder & Loader for mess free grinding and loading). Tamp down with the dabber tool. Do not over fill. Close pod lid. Insert pod into ceramic heating chamber (note: do not turn on device while loading pods).
 - Attach V5.0S Mini PRO mouthpiece.
- NOTE:** Use the slider (shifting left or right) at the bottom of the V5.0S Mini PRO to regulate independent flow of air flow into the chamber.
- For on-the-go vaping, extra pods along with Load'X Grinder & Loader (sold separately) can be pre-filled for later use.

- Introduction:**
- Maximize your vaping experience with our Load'X Dry Herb Grinder and Loader! Flowermate's uniquely patent pending design was created as the perfect accessory to grind and load your herbs, mess free into the stainless steel pods.
- Mess free grinding and loading.
 - Compact design for on the go use.
 - Transparent design to see your blend.
 - Load 2 pods simultaneously.
 - Convenient and easy to use.
- More info, please refer to our Load'X user manual.

- How to Use continued**
- ACTIVATE**
- Rapidly press Power button five times within 2 seconds to power on V5.0S Mini PRO. Press and hold power button for 2 seconds to activate the heating, it will heat to reach the temperature of last vapping due to its memory function. Once it reaches expected temperature, OLED will display the temperature and "1", refer to the chart.
 - "1" means the temperature is already constant, the device is ready to use.
 - After five minutes vaping, the device will shut down output automatically, press and hold power button for 2 seconds to resume vaping.
 - Press and hold "+" and "-" buttons simultaneously to change from Fahrenheit to Celsius degrees or from Celsius to Fahrenheit degrees.
 - Adjust to desired temperature manually using "+" or "-" buttons. The temperature will increase/decrease in 1° increments. (Tip: press and hold the "+" button for one second to automatically increase temp and press "-" to stop. Do the same with the "-" to automatically decrease temperature)
 - After setting the desired temperature, press and hold the power button for 2 seconds to activate the heating.
 - To Power Off V5.0S Mini PRO, rapidly press power button 5 times within 2 seconds.

- How to Use continued**
- SAVOR**

- Technical Specifications**
- V5.0S Mini PRO**
- Dimensions: 3.31" H x 0.79" D x 1.79" W (84mmH x 20mmD x 45.5mmW)
 - Display: OLED display with full range temperature control:104°F-446°F (40°C-230°C).
 - Capacity: 1800mAh
 - Normal Output Voltage: 3.7V
 - Power On/Off: Press power button 5 times consecutively
 - Safety Power Duration: 5 minutes
 - Battery Low Indicator: battery icon flash 6 times rapidly
 - Safeguard: Dual PCB/IC Protection

- Cleaning and Maintenance**
- The mouthpiece of the V5.0S Mini PRO may become clogged when used for an extended amount of time; resulting in difficult draw resistance or less vapor being released. Use the following guidelines to clean and maintain your device:
- **Ceramic Heating Chamber:** Use the brush tool to gently clean the walls of the heating chamber.
 - **Ceramic Filter:** Use a fine paperclip or pin and gently insert between the holes. Push through thoroughly to clear the airways/wipe clean with a lint free cloth.
 - **Mouthpiece:** Carefully remove glass mouthpiece from device, wash gently with warm water, rinse and air dry. For stubborn stains, rub gently with a damp cotton swab.
- Tips**
- For best results, do not over-pack the ceramic heating chamber with your product. Over-packing will cause constricted air flow and uneven vaping.
 - Prepare the packing tool to gently stir and aerate the product to ensure vapor is released. Always properly prepare the device before use to reduce blockage of the mouthpiece.
 - Regulate air flow to the chamber using the slider at the bottom of the V5.0S Mini PRO. Enhances custom vaping. Take the mess out of grinding and loading your blend with our Load'X Grinder and Loader. Sold separately.

- Battery and Charging**
- CHARGING**
- Initially charge the V5.0S Mini PRO for 3 to 4 hours. The battery will stop charging when the icon is full. When the battery level is low, the battery icon will flash 6 times repeatedly.
 - Charging the V5.0S Mini PRO while powered on, the OLED display will stay lit.
- Below is the chart of charging with device powered on
- | | | | | | |
|-------|-------|-------|-------|-------|-------|
| 385°F | 385°F | 385°F | 385°F | 385°F | 385°F |
|-------|-------|-------|-------|-------|-------|
- Charging the V5.0S Mini PRO while powered off, only the battery icon will be visible.
- Below is the chart of charging with device powered off
- | | | | | | |
|------|------|------|------|------|------|
| 100% | 100% | 100% | 100% | 100% | 100% |
|------|------|------|------|------|------|
- Do not use V5.0S Mini PRO while charging. This will cause damage to the device.
 - To prevent the device from overheating, do not leave the charger plugged in overnight.
 - Do not leave charger plugged in or unattended without the device. Do not charge unit on bare carpet or rug.
- During charging process power capacity display in the screen, current is 1000mA. The battery with 0 volt would be charged. During charging process output is available.

- Battery and Charging**
- BATTERY**
- The device contains a Lithium-Ion battery. Take caution and dispose in the correct receptacle. Do not use asard in trash. Do not over charge. Do not short circuit the battery.
- Notice: Lithium-Ion batteries are subject to degradation and reduced run time over the course of regular use at over 200°F; while Flowermate took great care in selecting premium quality long life Lithium-Ion batteries due to their non-memory features and ability to cycle 300 times preceding degradation, battery life will gradually diminish with extended use.

- Safety**
- WARNING**
- Failure to follow these safety instructions could result in personal injury or damage. Users of this device do so at their own risk. Neither Flowermate Technology, LLC nor its retailers assume any responsibility or liability associated with the use/misuse of the device. Flowermate Technology branded products are intended for adult use and consumption only. Keep this booklet in a safe place for future reference.
- DISCLAIMER**
- The device is designed as a mobile solution for the practitioners of aromatherapy and should be used for dry herbal blends as indicated. This device is not intended for use with illegal substances.
- CHOKING HAZARD**
- The V5.0S Mini PRO contains small parts which may be a choking hazard to small children. Keep device away from children.

- Safety continued**
- HANDLING**
- Do not drop, deform, bend, crush, puncture, incinerate, microwave, shred, paint or insert foreign objects into a Flowermate Technology, LLC V5.0S Mini PRO.
 - Do not clean V5.0S Mini PRO other than instructed by Flowermate Technology, LLC.
 - Do not attempt to repair or modify V5.0S Mini PRO yourself.
 - Do not use a damaged V5.0S Mini PRO charger or non Flowermate Technology charger. Incompatible chargers may carry different voltage, which may be a fire hazard. Use only the charger provided.
 - Failure to do so will void the limited warranty offered by Flowermate Technology products.
 - Use caution when handling V5.0S Mini PRO, the heating chamber area is hot when the device is powered on. Refrain from direct contact with the main heating chamber when hot. Do not leave the device unattended when it is powered on or while the device is still hot.
- Safety Features**
- SLEEP PROTECTION**
- The device is equipped with a safety sleep mode. When the device is powered on and after 5 minutes vaping, it will go into sleep mode to avoid over-use. Press and Hold the power button for 2 seconds to resume vaping.
- MEMORY FUNCTION**
- The device features a smart memory function. It will memorize the data of current use before powering off. When powered on for next use, the last setting will be displayed.
- SMART TEMPERATURE LEVELS**
- The V5.0S Mini PRO is equipped with a smart OLED display to manually configure any desired temperature setting within the modular range.
