- Dimensions: 4.09"H x 0.87"D x 2.36"W (104mmH x 22mmD x 60mmW)

9

- Capacity: 2600mAh Output Voltage: 7.4V
- Power On/Off: Press power button 5 times consecutively
- Safety Power Duration: 5 minutes
- Battery Low Indicator: LED flashes 4 times rapidly
- Safeguard: Dual PCB/IC Protection

Cleaning and Maintenance

The mouthpiece of the V5.0S may become clogged when used for an extended amount of time; resulting in difficult draw resistance or less vapor being released. Use the following guidelines to clean and maintain vour device:

- Ecramic Heating Chamber: Use the brush tool to gently clean the walls of the heating chamber. Ceramic Filter: Use a fine paperclip or pin and gently insert between the holes. Push through thorougly
- to clear the airway then wipe clean with a lint free cloth. Mouthpiece: Carefully remove glass mouthpiece from device, wash gently with warm water, rinse and
- air dry. For stubborn stains, rub gently with a damp cotton swab.

Tips

For best results, do not over-pack the ceramic heating chamber with your product. Over-packing will cause For best results, do not over-pack the ceramic heating chamber with your product. Over-packing w constricted air flow and uneven vaping. After filling, use the packing tool to gently stir and aerate the product to ensure vapor is released. Always properly prepare the device before use to reduce blockage of the mouthpiece. Adjust airflow to chamber by using the slider at the bottom of the V5.05.

Take the mess out of grinding and loading your blend with our Load'X Grinder and Loader. Sold separately.

Battery and Charging

- CHARGING
- Initially charge the V5.0S for 4 to 4.5 hours. While charging, the LED light will be red. The battery will stop charging and the LED light turns green.
- Low battery level is indicated by the LED light flashing red 4 times consecutively. Charge battery with included AC/DC adapter.
- **Do not use V5.0S while charging.** This will cause damage to the device.
- To prevent the device from overheating, do not leave the charger plugged in overnight. Do not leave charger plugged in or unattended without the device. Do not charge unit on bare

carpet or rug.

The device contains a Lithium-Ion battery. Take caution and dispose in the correct receptacle. Do not discard in trash. Do not over charge. Do not short circuit the battery. Notice: Lithium Ion Batteries are subject to degradation and reduced run time over the course of regular use at over 200°F; while Flowermate took great care in selecting premium quality long life Lithium Ion batteries due to their non-memory features and ability to cycle 300 times preceding degradation, battery life will gradually diminish with extended use.
