

Arktis C411 Size Guide

The C411 trousers are 'true to size'. This means that our measurements are accurate and a 32" pair will actually measure 32 inches around the waist band. If you are familiar with fashion sizes, it may be wise to buy the next size up.

It's always best to measure an existing pair of trousers to get an accurate size.

Waist Sizes

Waist Size Inches	28"	30"	32"	34"	36"	38"	40"	42"	44"	46"
Waist Size CM	71cm	76cm	81cm	86cm	91cm	96cm	101cm	106cm	112cm	117cm
