O OLDER
MACHINES

Premium Fine-Cut Blade

- Use with paper, card stock, poster board, vinyl, iron-on, and other thin to medium weight materials
- Works well with fine, delicate cuts
- The housing is gold - it used to be silver

Bonded Fabric Blade

- Use for intricate cuts on bonded fabrics or fabrics with an iron-on backer - fabric must be bonded or it will get ripped and stretched while cutting
- Use with sewing, applique & embroidery designs
- Uses same blade as the Premium Fine Cut
- Pink housing to match the Cricut Pink Fabric Cutting Mat

MACHINES

Debossing Tip

- #21 works with QuickSwap Housing
- Use with cardstock, foil poster board, foil cardstock, foil kraft board, poster board, kraft board, and thicker stock
- Uses a ceramic, rolling ball, with a wide range of motion

Deep Point Blade

- Use for intricate cuts on bonded fabrics or fabrics with an iron-on backer - fabric must be bonded or it will get ripped and stretched while cutting
- Use with sewing, applique & embroidery designs
- Uses same blade as the Premium Fine Cut
- Pink housing to match the Cricut Pink Fabric Cutting Mat

Engraving Tip

- #41 works with QuickSwap Housing
- Use with cardstock, foil poster board, foil cardstock, foil kraft board, poster board, kraft board, and thicker stock
- Uses a ceramic, rolling ball, with a wide range of motion

Foil Transfer Tool

- This 3-in-1 foil transfer tool requires no heat and creates a long-lasting, smooth finish.
- It includes 3 tip sizes: fine, medium & bold.
- It uses Cricut Foil Sheets.

O OLDER MACHINES

Knife Blade

- Use with thicker materials such as balsa wood, mat board, and chipboard up to 3/32" thick.
- Not recommended for fine, intricate cutting
- Does not work with the iOS or Android app, due to longer cutting times using a Bluetooth connection.

Perforation Blade

- #11 works with QuickSwap Housing
- Use to create tear-offs and peel-aways using paper, card stock, foam, acetate, foil, fabrics, poster board, tags, tear-away cards, gift coupons, advent calendars, paper dolls, booklet pages, raffle tickets, homemade journals, or for any project that demands a clean tear.

M

Rotary Blade

- Use with fabrics (without needed to bond the back!) and soft, delicate materials, such as tissue paper and cork
- Your design needs to be 3/4" or larger
- Use with the Cricut Pink FabricGrip Cutting Mat to withstand the intense pressures of the rotary cutting process

Scoring Stylus Tool

- Use in place of the Scoring Wheel #02

MACHINES

Scoring Wheel & Double Scoring Wheel

- #01 Single and #02 Double Wheel have 10x the pressure of the Scoring Stylus
- Creates a deep, single score line — perfect for uncoated, light materials, including crepe paper, light card stock, & acetate
- Double Scoring Wheel creates two deep, parallel score lines

Wavy Blade

- #31 works with QuickSwap Housing
- Use to create a wavy edge on iron-on (HTV), adhesive vinyl, paper, card stock, leather +
- Has a sculpted stainless steel blade to make a whimsical styled edge.
