

The Professional's Edge Since 1936

World Famous Master Rubber

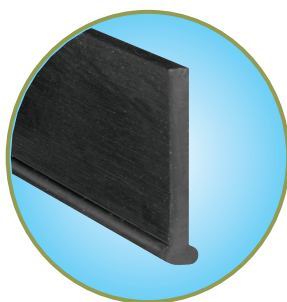

**Unconditionally Guaranteed
to Deliver Flawless Performance**

Ettore Steccone patented the modern squeegee design in 1936 using a passionate drive and the best materials available to create the best tool in the industry. Although the materials and process have changed over the years, the passionate drive and the best materials used is still part of our mission today. We proudly make every part of Ettore rubber squeegee blades in the USA and hand inspect every inch. That's over 6,000,000 feet every year!

Master® Rubber

Soren Rubber

Highest Quality

We travel the world looking for best raw materials used to make our revolutionary squeegee blades.

Hand Inspected

Although this is time consuming and not the most efficient, you can be assured that every blade is perfect and ready to make you money.

Unconditionally Guaranteed

Because of our passion to make the best product available, we guarantee every blade unconditionally. If it leaves a streak we will replace it.

#1 Window Squeegee Rubber in the industry

This ranking is undisputed. We outperform and outsell every other manufacture in the world. Allow Ettore Squeegee Rubber to make your life easier and more fun!
