## **Professional Results**

Oil-based polyurethane is best applied with Ettore's Oil-Based Floor Finish Microfiber Applicator. Water-based wax and floor finish are best applied with Ettore's Water-Based Floor Finish Microfiber Applicator. Durable applicator to ensure a smooth, even coat resulting in beautifully finished hardwood floors.

## **Complete Set-up**

The complete applicator features a one-piece 53" pole handle, wood block and an applicator pad. Different sizes of applicators and refills are offered to meet customers' variety of needs. Refills are available for purchase.

## **No-Lint Microfiber**

The new microfiber material does not leave any lint during application. It also gives no streaks and a smoother application.

## **Easy to Clean**

Easily cleanable with mineral spirits, or replace with new applicator refill pads.

## **Color Differentiation**

Different colors to easily distinguish oil-based and water-based microfiber floor applicators. Oil-based applicators are in yellow color, and water-based ones are in blue color.
