

WE DO WINDOWS

HIGH PERFORMERS

Ultimate Product Performance

Ergonomic Handle

Exclusive, contemporary design with rubberized no-slip grip and added length fits comfortably in any hand.

Ettore Quality Rubber

The #1 choice of professional window cleaners, each strip is hand-inspected and backed by our 100% streak-free guarantee.

Advanced Microfiber Washer

Dense, high-pile sleeve provides lint-free cleaning with superior water retention and excellent dirt absorption. Machine washable over 300 times.

Eye-Catching Packaging

High-impact graphics attract consumer attention with clearly communicated features and benefits.

Introducing ProGrip™, a new system of high performance window cleaning tools that set a new standard in the category. Our exclusive industrial design features an ergonomic handle with rubberized comfort grip. The high-pile microfiber washer sleeve and Ettore professional rubber blade, make these the best tools available for practically effortless window cleaning. Now, you can offer your customers a reason to trade-up when you add ProGrip to your product mix.
