## WHO WE ARE

SINCE 1960 Sonya Group has been manufacturing and marketing their products around the Globe. Our motto is to provide quality products at an affordable rate. Sonya Foods Pvt. Ltd was established in 2013 by our Founders Mr. Rupesh Shah - Chairman and Ms. Rutuja Patel - Managing Director to manufacture and export Quality Peanut Butter. Today Sonya Foods has two production lines with installed capacity of 36 tons per day.

Since 2014 Sonya Foods Plant has been continuously BRC certified plant. Our Fully Automatic Stainless Steel production lines are located in peanut growing state of India-Gujarat. Our process includes Cleaning, Roasting, Sorting, Grinding, Mixing, Filling and Packing. These all processes are performed under controlled conditions to meet the customer requirements in terms of texture and taste. Our both production lines are with NO HUMAN TOUCH from input of peanuts to filled bottles.

We are a recognized Packer, Manufacturer and Exporter for PRIVATE LABELS as well as for our registered brands Sonya, HealthyfyUs and Happy Hours. Our current products are Peanut Butter (Nut Butters), Chocolate Hazelnut Spread, Cashew Butter, Almond Butter, Blanched/Chopped peanuts flavored peanuts and chana.

We focus on strict adherence of our defined Good Manufacturing Practices (GMP) and Good Hygiene Practices (GHP) and thus aim for continual improvement in Food Safety Management Systems. Our R&D Department helps to turn innovative ideas into finished product and we keep on launching new products and flavors regularly.

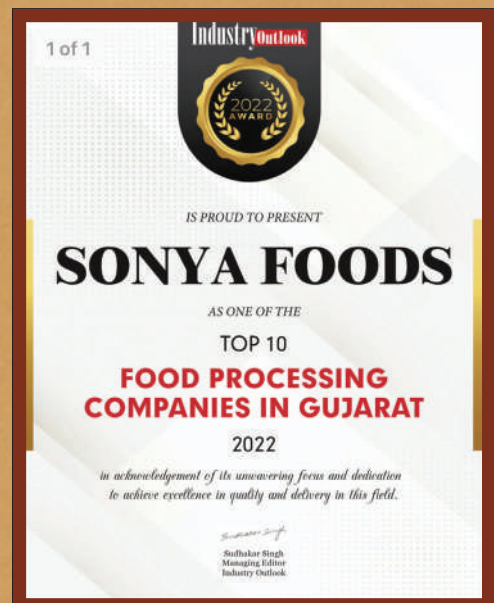

Today Sonya Foods customers consists of not only Wholesalers, Importers, Distributors and Retail Chains but also Bakery and Snack Industries where it is used as an ingredient to make final product.

Finally, we believe in building relations “Coming together is a Beginning, Staying together is progress and working together is success” *Henry Ford.*

Awarded Top 10 Food Processing Company In Gujarat -2022

## Company's Social Responsibility

We run Trust under the Name of Budhabhai Trust at Usmanpura - Ahmedabad. We have tied up with Adarsh Ahmedabad to carry out below services free of cost on our premises.

### Dispensary :

Ophthalmologist, Orthopedic and Physician visit on different days of the week and offer their free consultations. And we provide free generic medicines.

### Yoga Classes :

Free Yoga Classes for peace of mind, body and soul are conducted Monday through Friday.

### Stitching / Crookery Classes :

They are conducted to help ladies earn their own livelihood, in order to be independent and self reliant.

### Computer Classes :

Similarly Free Computer Classes help to educated people of all ages with current basic requirement of modern age. Regularly as per interest of people, other culture activities are also conducted.

The Sole idea is to make people independent & self sufficient by training them.

# Quality & Safety

## Our commitment to consumers

Quality and Safety for our consumers is Sonya's top priority. This applies to our entire portfolio, from nut butters to flavored nuts to all our systems and services.

Quality assurance and product safety is one of our principals, which form the foundation of all we do.

## Sonya Quality Policy

WE ensure quality and food safety by implementing our in-house testing and quality checks at 3 stages

- 1- Checks for incoming materials
- 2- In Process Checks
- 3- Checks before dispatch

We build trust by offering products that match consumer expectations

and preference. We comply with internal and external food safety, regulatory and quality requirements. We try to gain zero-defect, no waste attitude by everyone in our company and quality is our whole group's objective

Our on-site quality control lab and dedicated quality assurance team routinely perform in-house testing on our products and we also partner with third party Government Approved Labs for our microbiological testing.

Thorough testing and traceability protocols along with our safety standards we ensure a product that is safe and consistent.

The Quality Management System not only ensures our ongoing access to high quality raw materials, it also enables farmers to protect or even increase their income. Often the standard of living of entire rural communities is raised as a result. The system helps address key Global Good Manufacturing Practices. We apply internationally recognized Good Manufacturing Practices (GMP) to ensure quality and Food Safety. GMP covers all aspects of manufacturing, including standard operating procedures, people management and training, equipment maintenance, and handling of materials.

**CLEAN FACTORY:** We ensure safe factory for our products

## Hazard Analysis and Critical Control Points

We apply the internationally recognized HACCP (Hazard Analysis and Critical Control Point) system to ensure food safety. This preventive and scientific based system identifies, evaluates, and controls hazards that are significant for food safety. Our HACCP plans and systems are verified by external certification bodies against the international ISO 22003:2013 C IV.

## Consumer Use & Service

Our products carry information to ensure that they are used safely with the highest level of quality for the consumer. Our packaging clearly provides our address, telephone number or email ids to correspond with us.

# BENEFITS OF NUT BUTTERS

## Aids Weight Loss

Eating peanut butter at few hour intervals fill up your stomach for longer time and controls hunger. Hence it prevents weight gain.

## Protein Rich

Peanut butter is tasty and filling, it is also an excellent source of protein. It's ideal for person aiming to gain mass and muscle.

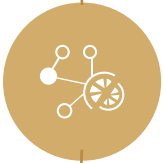

## Energy Booster

Not only the protein converts into energy but it also has carbohydrates which give you quick energy. Have it before your workout.

## Heart Friendly

Studies have found peanuts reduce risk of cardiovascular and coronary heart disease.

## Fiber Rich

Peanut butter contains more dietary fiber than whole peanuts and is good source of both soluble and insoluble fiber

## Full of Nutrients

Research says eating Vitamin E rich diet lowers risk of certain cancers. It has Vitamin B3, hence you are likely to less develop Alzheimer. It has ability to Lowers LDL and increase HDL

## Healthy Fat

Peanut butter contains more unsaturated fat than saturated fat making it a fat friendly food.
