

If you are looking for innovative ways to engage with their clients and staff on a social level this is for you. At WineOnline.ie wine we have developed a number of experiences and products that we feel can be tailored to suit many different groups and occasions.

Choosing a **Virtual Experience with us** couldn't be easier. We will deliver your chosen tasting box to each recipient at their office or home address across Ireland (or Internationally). Our team can then introduce you to the wines in a **short 45 minute tasting, or an extended full guided 90 minute tasting.**

You can **customise these Tasting Boxes** by adding some extras – chocolate truffles, espresso martini's, mojito's or other cocktails. To further personalise your tasting boxes, we will include a personalised card, or better still, a personalised letter from you or the head of your company thanking everyone for their efforts.

Every single tasting we hold is hosted by Lynda Coogan. She has over 20 years experience of wine in both retail and restaurant settings. Both are passionate in food and wine matching and this along with such tips as decanting and storing wine, as well as knowing when to drink, understanding vintage and which regions to get the best value wines from, are all areas she touches upon.

To book a Virtual Experience with us, you'll need a **minimum of 5 people**. If you are catering for smaller numbers, perhaps our full range of hampers, wine & cheese boxes and gin & whiskey gift boxes might suit your needs. Visit [WineOnline.ie](https://www.wineonline.ie) to see more.

You can read the **full details with pricing below**. If you would like to know more and to check availability get in touch today. Our Virtual Experiences Monday through Friday so check with us today for availability.

Cheers,

The WineOnline.ie Team

VIRTUAL EXPERIENCES FOR 2024

1. Choose how long you'd like your Virtual Tasting for:

This wine tasting experience is ideal for those contemplating incorporating a wine tasting into a bigger event, or team catch up. Once the wine tasting is done, we can leave you online to enjoy the wines afterwards together.

A full wine tasting experience with or without a cheeseboard to enhance the whole experience. We will taste up to 4 wines with you and we will include information on the grape, wine style, producer, region and food and wine matches, We will discuss wine styles in detail and discover together the elements of each wine which are enjoyable.

2. Choose what Tasting Box you'd like to send:

Options detailed below – contact us for the No Alcohol selection.

3. Add some lovely little extras to your tasting boxes:

Your Wine Tasting Box will double as a gift. It will already be filled with lovely wines and cheeses and it is already a lovely gift to receive. Add any of these extras so there are some lovely treats to be enjoyed long after the wine tasting is over!

Customise your tasting boxes and make them personal. Send us a letter from you to include, with your personal signature on it. Include a WineOnline.ie voucher or a DropChef food voucher.

THE CONCEPT

First and foremost to what we offer is an informal and casual atmosphere with our tastings. We host every single tasting with our team of two hosts. Never just one, ever. This helps to increase the engagement and creates an informal ambience in which everyone can participate.

We include the below systematic introduction to wine tasting in every Tasting box we ship. This helps participants understand what they are looking for when tasting wine. A Virtual Wine Experience with us is about three things – a lot of Enjoyment, a lot of Engagement and a little knowledge.

IS A VIRTUAL WINE EXPERIENCE FOR ME?

A Virtual wine experience is a great idea for your next event, because it works superbly well for really small and for really large groups. We've hosted a lot of Virtual Wine Experiences, ranging from 5 to 170 people and they all work really well, albeit in very different ways.

Talk to us today about your group size, how you can get the most from your budget and what package might work best for you. Chances are any questions you have, have been asked many times before. Will and Michael comprise our host team and they will be happy to engage and answer any queries you have. If we can help to customise or personalise your tasting, we will.

As an icebreaker at the start of each Virtual Wine Tasting, We ask all participants to guess the number of corks in the vase you see to the left in our studio. At the end, when we collate the guesses and announce the winner, we ship a crystal decanter to the person that guesses closest. There is always a guaranteed winner. This is complimentary and applies to every Virtual Wine Experience we host.

REVIEWS FOR OUR VIRTUAL WINE EXPERIENCES

Thank you so much for the wine tasting on Friday night, the Idea crew really enjoyed it! It's a really innovative idea, especially at a time like this when businesses are trying to think of ways to bring teams together whilst they are all working remotely. And you even managed to make people think a little differently about Chardonnay!'

Jane, IDEA Digital, July 2020

Just a note to say thanks for a great event yesterday. Feedback was hugely positive across the board, with my CEO saying the event was "flawless".

Jennifer, Aylie, August 2020

Thanks for a great team wine tasting which everyone from our office thoroughly enjoyed. Everyone commented on how much they enjoyed it afterwards and our management team were really happy at how it all worked out.

Lisa, DMVF Architects, August 2020

I Wanted to say thank you for a great evening, the team loved it. Delighted to be able to support local/Irish and I will definitely be recommending you guys to friends and family.

Emma Quinlan, AIB

We had Michael and Will join us to run a virtual wine tasting experience as part of a corporate event for our customers. The wine tasting was a huge success and I have had great feedback from colleagues and customers. Everyone thoroughly enjoyed the wines which were picked specifically for this event in mind. There was a very relaxed approach to the wine tasting, allowing everyone to get involved which was fantastic. I have had someone tell me they could have listened to Michael and Will speak about the wines for another hour! We would highly recommend the WineOnline virtual wine tasting experience, so much so, we are already organising our next event!
