

# Carlaw Bench

**UPHOLSTERY** > Leather  
**BASE** > Powder Coated Steel

The Carlaw Bench is a versatile design that can be used for seating in entryways and bedrooms, or as a slim coffee table in living rooms. The top features a blind-tufted, double top-stitched leather seat, alongside a solid-walnut, routed tray - a perfect spot for keys, books or handheld devices. Both the seat and tray rest on top of a black powder-coated steel frame.
