

Elora Media Stand

ASSEMBLY INSTRUCTIONS

KEEP ALL PACKAGING MATERIALS UNTIL YOU HAVE VERIFIED ALL COMPONENTS AND PARTS.

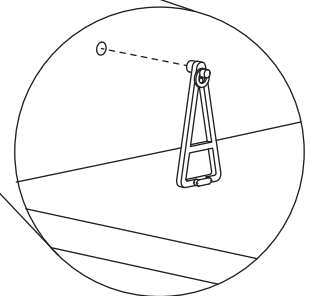

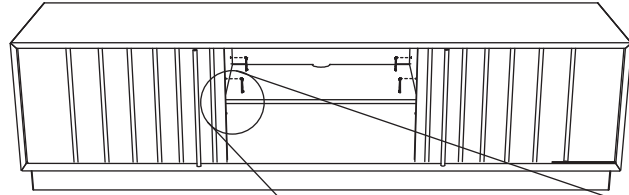

1. Locate and remove door pulls and fastening hardware from the cavity in the cabinet base.
2. Slide doors toward the center of the cabinet to allow generous access to where the fastening screws for the door pulls are to be aligned with the existing holes. Align the door pull stems with the holes in the cabinet doors and fasten into place with the screws provided.
3. Remove plastic clips that hold the shelves in place during transport.

Clean all surfaces with a damp, soft cloth. Do not use abrasive cleaners.

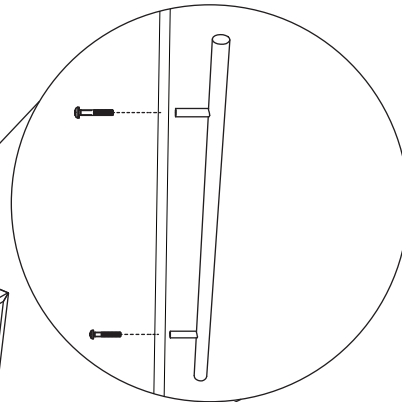

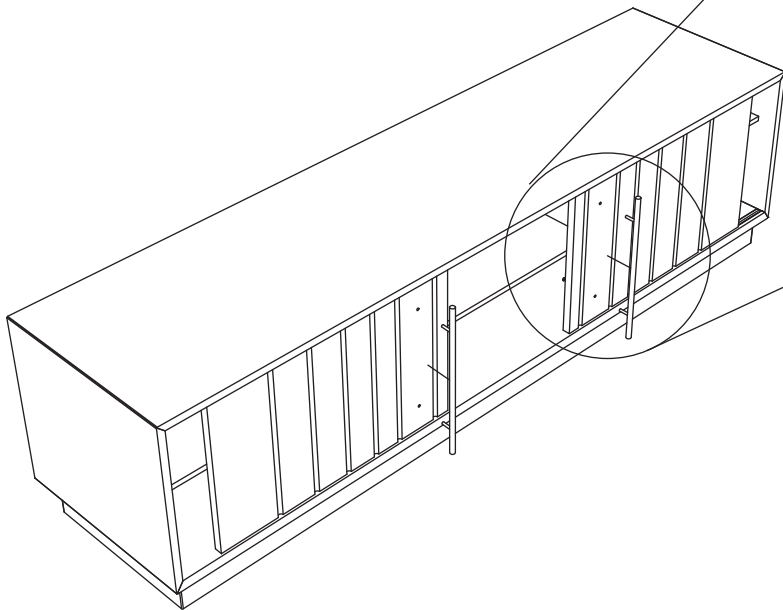

Step 1

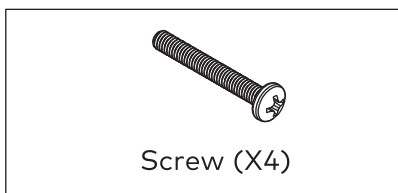

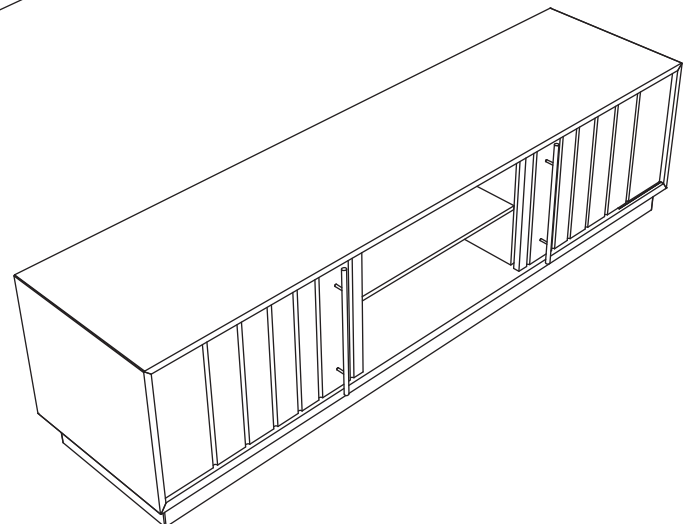

**Remove Door Pulls And
Fastening Hardware
From Cabinet Base**

Step 3

Step 2
