The Branch Shelving System blends mid-century style with modular components that give you an infinite number of elegant, open-storage options for home or office. The design features varying bookshelf configurations that can be transformed into a seamless workspace with the addition of a desk unit.

Additional add-on units let you customize the size and layout of your shelving system to perfectly suit your space, and the shelves are height adjustable to suit any arrangement of decorative items or resources. Refined details, such as rounded edges on the shelves and uprights, soften Branch aesthetic and enhance its architectural style. Straightforward installation means you can spend more time perfecting your vision and display.

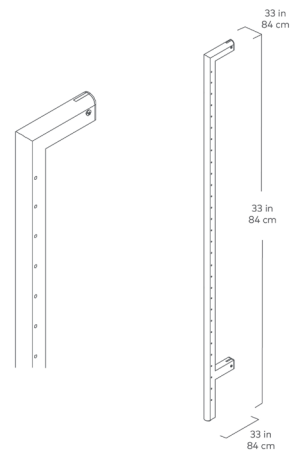

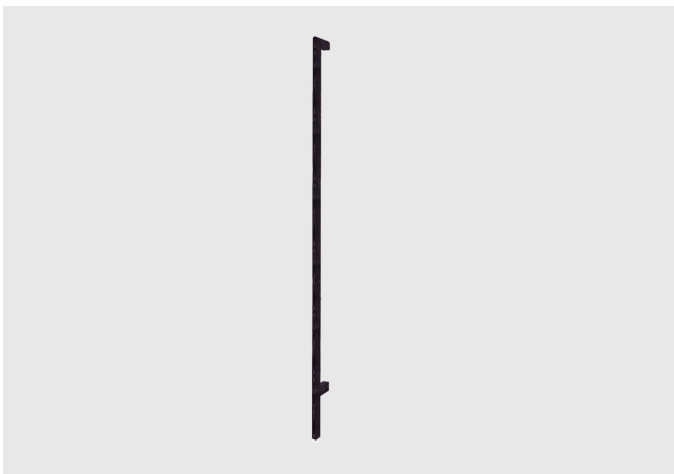

Design Trade Professionals: We aim to keep our designs in stock and ready to ship quickly for projects on a tight timeline. Designs may be customized with COM and alternate finishes (minimum quantities may apply). Visit guscontract.com for more information about our Trade & Contract programs.
