Pewter

The Elk Chair evokes the classic, wingback chair design and updates it with contemporary materials and bold, organic lines. The sculptural frame features low-profile upholstery and precision-cut, bent-ply seat and back panels. The frame is elevated by slender, powder-coated steel legs.

Design Trade Professionals: We aim to keep our designs in stock and ready to ship quickly for projects on a tight timeline. Designs may be customized with COM and alternate finishes (minimum quantities may apply). Visit gusmodern.com for more information about our Trade & Contract programs.

Elk Chair

- Frame is CNC precision cut, formed plywood, finished in real Walnut.
- Base and legs are black, powder-coated steel.
- Non-marking leveler feet can be adjusted for stability on uneven floor surfaces.
- Manufactured to meet California TB117-2013 fire safety standards without the use of flame retardant additives in the upholstery foam.
- Wood is a natural material, with variations in grain pattern and colour that make each design unique.
