With its generous, soft surface area and sleek design, the Parcel is the quintessential modern platform bed. The squared-off headboard, side rails and footboard create a simple, sculptural modern frame, while French seams soften the look with classic detail. Supported by solid ash legs, Parcel seems to float, lending an airy quality that complements any bedroom interior. Available as a king or queen. Constructed with kiln-dried FSC®-Certified hardwood in support of responsible forest management.

Design Trade Professionals: We aim to keep our designs in stock and ready to ship quickly for projects on a tight timeline. Designs may be customized with COM and alternate finishes (minimum quantities may apply). Visit gusmodern.com for more information about our Trade & Contract programs.
