The Envoy Desk is a sleek addition to the modern workspace, combining minimalist design and mix-and-match components for a custom look that is both elegant and functional. Two surface size options, two finish choices and four leg options let you create the perfect piece to anchor your office or blend seamlessly with your at-home style. A subtle rounded taper on the desk edge caps off the Envoy, contemporary craftsmanship, creating a staple piece that looks great as a single desk or grouped in a series.

Design Trade Professionals: We aim to keep our designs in stock and ready to ship quickly for projects on a tight timeline. Designs may be customized with COM and alternate finishes (minimum quantities may apply). Visit [gusmodern.com](https://gusmodern.com) for more information about our Trade & Contract programs.
