

# Mimico Cabinet

Gus\*

**FINISH** > Walnut with Brass or Natural Ash with Black

Part of the Mimico Series, this cabinet shows a distinctive Scandinavian influence. It's designed to let you showcase your favourite books or sculptural objects, while providing ample storage to keep everything else tucked out of sight. Sliding doors conceal adjustable shelves, and feature contrasting track and pulls in brass or black finish. The legs are turned, solid wood, and the top surface features a triple-edged surround detail.
