

Modello Planters

ASSEMBLY INSTRUCTIONS

After un-boxing the planters, locate the metal inserts and place 1 inside each planter. Adjust the bottom plastic glides so that the planters sit securely on the floor, then insert the potted plants.

To help maintain the appearance of your planter, clean steel frame with a damp, soft cloth. Do not use abrasive cleaning products.

The Modello Planters are designed to display pre-potted plants.

Do not fill the planters with soil.

Not intended for use outdoors.
