

Sudbury Dining Table - Rectangular

Gus*

TOP/BASE > Walnut or Natural Oak Ply
BRACKETS > Powder Coated Steel

The Sudbury Table is a study in contrasts. Organic forms joined together by industrial fittings. Warm wood grain stands out against sleek steel. Scaled for smaller spaces, this table's rounded corners create a relaxed vibe that's perfect for a modern dining area. It features exposed ply legs and beveled tabletop with fittings made from durable, powder-coated steel. Available in walnut with black brackets, or natural oak with white.
