HARDWARE

PRO AUDIO SPLITTERS

HIGH QUALITY SIGNAL ROUTING

Our splitters are durable and high-quality, and they meet a number of unique signal-routing needs. Rockit is great for use with older 2-plug headsets, or for using a mono mic with a smartphone. Wiretap breaks out a full combo (mic + headphones) jack while preserving a second headphone connector, making it great for using an XBox headset with a speaker system, or for attaching accessories and headphones to a smartphone simultaneously.

Product	SKU	MOQ	< 50 UNITS	50 - 250 UNITS	250+ UNITS
Wiretap	ESDHW910	25	\$7.50	\$6.75	\$6.00
Rockit	ESDHW911	25	\$7.50	\$6.75	\$6.00

Reseller is responsible for shipment from M4G to Reseller

Returns are only allowed for manufacturing issues. Reseller will be responsible for return shipping.

Splitter items are not to retail for less than \$11.95 USD.

Reseller must specify sales channels through which items will be sold.
