

CAPTURE UNINTERRUPTED AERIAL VIDEO ALL DAY!

The Hoverfly Power Tether and Yuneec Typhoon H Kit allows you to capture uninterrupted aerial video, making it easy to get a high angle view of outdoor events and sports, training programs, and public safety events without worrying about batteries. The 150ft tether powers the drone through a high strength cable connected to an AC power supply on the ground. With Yuneec and Hoverfly you can capture aerial video all day in a single flight!

FEATURES

- Capture aerial video all-day and all-night without needing to change batteries!
- View live stream of video on a display using the micro HDMI-output on controller.
- Transport easily with included Yuneec backpack and Tether Hard Case.
- Includes safety landing battery in case ground power is interrupted.
- Switch between tethered limitless flight to battery powered flights.
