

By the time you leave, you will be equipped to make great coffee at home. As a bonus, you will receive a bag of Carabello Coffee, as well as the opportunity to purchase brewing equipment at a discount.

We will introduce and review a variety of devices and methods, including the Chemex, Clever Dripper, and Aeropress.

This class will introduce and discuss all of the factors involved in brewing cafe quality coffee, such as water, grind, beans, weight, extraction, time, and ratios.
