It will cover the basics of milk steaming, proper steaming technique, and then dive into how to pour hearts, rosettas, and tulips.

This class is designed to help anyone achieve their latte art goals. If you have no experience but have just always wanted the fun experience of trying to pour a latte or cappuccino just the way your favorite barista does or you're in the coffee industry and would like to go deeper in your knowledge and skill - this is the class for you.
