IMPORTANT SAFEGUARDS

• To protect against electric shock, do not immerse cord, plugs, or any other electric parts in water or other liquids.

• Do not operate any appliance with a damaged cord or plug.

• Do not use this appliance outdoors.

• After use, unplug cord from electrical outlet.

• Do not leave the appliance plugged in when it is not being used.

• Always unplug the appliance from the electrical outlet and allow to cool before cleaning.

• Once this unit is plugged into an electrical outlet, it should not be left unattended.

• A short power cord is provided with this appliance to reduce the risk of entanglement or tripping. While we do not recommend it, extension cords may be used if care is exercised. If an extension cord is used, ensure that the marked electrical rating of the extension cord is equal to or greater than the appliance. If the plug is grounded, the extension cord must be a grounded type-3 wire cord. To avoid pulling, tripping or entanglement, position the extension cord so that it does not hang over the edge of the counter, table or other area where it can be pulled on or tripped over by children.

IMPORTANT SAFEGUARDS

• Never touch hot surfaces. Always use hot pads or oven mitts while handling this appliance.

• To protect against fire, electric shock and injury, do not immerse the cord, plug or the appliance in water or any other liquid.

• Close supervision is necessary when this appliance is used by or near children.

• Before use, unwind the power cord completely and keep the cord away from the hot parts of the appliance.

• Do not let the power cord hang over the edge of a table, counter or touch hot surfaces.

• Do not place the appliance on or near hot gas or electric burner, or in a heated oven.

• Do not operate the appliance if it has a damaged cord and/or plug, if the appliance has malfunctioned, or has been damaged in any manner. Do not attempt to repair this appliance yourself.

• The use of accessories and/or attachments is not recommended and may result in fire, electric shock or injury.

• Always unplug the appliance from the electrical outlet when not in use and before cleaning to avoid accidental electrical shock. Allow it to cool before cleaning.

• While the appliance is hot, even if unplugged, there is a danger of getting burned. Do not touch the appliance or place it into storage while hot.

• Do not use this appliance other than for its intended use.

• For use only with 220V. 50HZ power source.
Recipe

This method of slow brewing chocolate makes the most delicious hot chocolate.

Thick & Creamy Hot Chocolate

Ingredients

- 1.5 oz. unsweetened chocolate (chopped)
- 2.5 oz. semi-sweet chocolate chips
- 5.5 oz. sweetened condensed milk (not evaporated)
- 3 cups whole milk
- 1 tsp. vanilla

Toppings

- whipped cream
- miniature marshmallows
- toffee bits
- cinnamon sticks
- peppermint candy sticks
- assorted liqueurs and flavored syrups
- chocolate cookie crumbs
- crushed peppermints

Directions

1. In Ceramic Bowl, combine unsweetened chocolate, chocolate chips and sweetened condensed milk; mix well.
2. Cover; cook on High setting for 20-25 min. or until chocolate is melted; stir every 7-10 minutes.
3. Pour in 1 cup of the whole milk; stir with a whisk until smooth. Gradually pour in the remaining 2 cups of whole milk and vanilla while stirring.
4. Cover, cook on High setting stirring occasionally. Cook up to 30 minutes or until hot.
5. Just before serving reduce heat setting to Warm or Low depending on personal preference, always stir mixture with whisk just before serving.
6. Use ladle to serve into cups and top as desired. Enjoy!
7. Unit can be kept on Warm or Low to keep brewing for up to 2 hours.

NOTE: Warm the whole milk for 45 seconds in microwave to speed up the process for step #4.
