CONGRATULATIONS

You are now the proud new owner of a Gummy Nation Gummy Candy Maker
Item No. CNB-1GM

Before using your Gummy Nation Gummy Candy Maker for the first time, carefully read the instruction manual. Please read and observe all safety precautions and follow the operating procedures. Please store your instruction manual in a safe place for future reference. If you pass this appliance to a third party, please include the operating instruction manual.

Save these instructions in a safe place for future reference.
PARTS DESCRIPTION

A. Candy Making Bowl
B. Large Bear Candy Mold (Plastic)
C. Interlocking Ice Trays (x4)
D. Silicone Candy Molds (Bear Mold x 2, Worm Mold x 2)
READ ALL INSTRUCTIONS BEFORE USING THE CANDY NATION GUMMY CANDY MAKER

HOW TO OPERATE

• Before first use, wipe down Candy Making Bowl, trays and molds with a damp, non-abrasive cloth and dry thoroughly.

• Assemble the trays by connecting them into a full circle, then fill trays 1/2 full with crushed ice.

• Place molds over ice-filled trays.

• Fit the Candy Making Bowl into its place in the center of the trays.

• Using your own recipe, or following the recipe included in this instruction manual, prepare your gelatin mixture in the Candy Making Bowl. Be very careful not to overfill the bowl. DO NOT exceed maximum capacity, which is about 1 cup.

• Put the Candy Making Bowl in the microwave for 2-3 minutes or until boiling.

• Be careful to watch the Bowl and stir mixture if necessary. DO NOT let mixture boil over, as this could cause burns.

• While the mixture is still runny, carefully pour into the molds using the spout.

• Let the molds chill for 15 minutes. Your gummies will have solidified and will be ready to be removed from the silicone molds.

• To use the large bear mold, double the ingredients in your recipe and let liquid cool for 3 minutes prior to pouring into the mold. Once filled, place mold in freezer for 15 minutes or until the mixture has solidified.
FOR HOUSEHOLD USE ONLY

Helpful Tips

• For gummy vitamins or energy chews, see the recipes section.

• The crushed ice in the interlocking trays provide the temperature needed for the gelatin mixture to set. To ensure that the gummies set quickly, replace ice cubes in the interlocking trays as they melt.

• To remove the large bear mold, run a knife around the edges of the gummy to separate it from the mold, or place mold in a shallow pan or bowl of warm water.

• For quicker solidified gummy results, after pouring desired mixture into silicone trays, place trays directly into freezer.

CLEANING & MAINTENANCE

Please take care of your GUMMY CANDY MAKER by following these simple instructions and precautions.

• Make sure the Candy Making Bowl is completely cool before cleaning.

• Dispose of any remaining mixture by emptying it into a bag or trash receptacle. It is not recommended that you pour the leftover mixture down the sink.

• Hand wash bowl, molds and trays in warm, soapy water with a non-abrasive sponge.

• Dry all parts thoroughly with a soft, non-abrasive cloth.

• The Candy Making Bowl and silicone molds may be washed in the dishwasher on the top rack.
Making sweet or sour gummy creatures is easy and fun for the whole family! In addition to traditional gummy candies, you can also make your own nutritious gummy vitamins or energy-boosting gummies with electrolytes!

**NOTE:** The capacity of your GUMMY CANDY MAKER is approximately 1 cup. The Giant Bear Mold has a capacity of 2 cups. To use the below recipes with the Giant Bear Mold, double the ingredients and place the mold in the freezer.

### Basic & Sour Gummies

**Ingredients**
- 1 cup cold water
- 1 packet flavored gelatin (3 oz.)
- 4 packets unflavored gelatin (1 full box)

**Directions**

1. Mix flavored and unflavored gelatin in the Candy Making Bowl.
2. Place in microwave for 2 minutes or until boiling.
3. Carefully pour mixture into molds and let chill.

**NOTE:** For sour gummies, add 1/2 packet of flavored drink mix to dry gelatin mix.
Vitamin Gummies

Ingredients

- 4 packets unflavored gelatin (1 full box)
- 1/2 cup juice
- 2 Tbsp honey (optional)
- Vitamin of your choice, (vitamin C, multi vitamins, probiotics, magnesium, etc.)

Directions

1. Whisk together the juice, honey and gelatin in the Candy Making Bowl. Crush the vitamins and stir until dissolved.
2. Place in microwave for 2 minutes or until boiling.
3. Carefully pour mixture into molds and let chill.

---

Energy Gel Chews

Ingredients

- 4 packets unflavored gelatin (1 full box)
- 1/2 cup energy drink
- Vitamin of your choice, (vitamin c, multi vitamins, probiotics, magnesium, etc.)

Directions

1. Whisk together the energy drink and gelatin in the Candy Making Bowl. Crush the vitamins and stir until dissolved.
2. Place in microwave for 2 minutes or until boiling.
3. Carefully pour mixture into molds and let chill.
90 DAY LIMITED WARRANTY

Smart Planet warrants this appliance from failures in its materials and workmanship for 90 days from the date of original purchase provided the appliance is operated and maintained in conformity with the instruction manual. Any defective part of the appliance will be repaired or replaced at Smart Planet’s discretion. Customers must provide proof of purchase when submitting a warranty claim.

This warranty does not cover discoloration or any damage to the, housing, graphics, and/or non-stick surfaces of the appliance. This warranty is null and void, as determined solely by Smart Planet, if the appliance is damaged through accident, misuse, abuse, negligence, scratching, shipping or if the appliance is altered in anyway.

If you think the appliance has failed or requires service within its warranty period, please email the Service Department at service@smartplanet.net for further instructions. Please include a description of the defect along with the date you purchased the product and the original receipt with the original purchase date. A receipt proving the original purchase date will be required for all warranty claims, handwritten receipts are not accepted. You may be instructed to return the appliance for inspection and evaluation. Return shipping costs are not refundable. Smart Planet is not responsible for returns lost in transit.
