Enjoy Healthier Homemade Popcorn!
Introduction

Speedy-Pop Microwave Popcorn Maker
SDH-1P

Thank you for your purchase of the Peanuts Silicone Popcorn Maker. This is a fun and ideal way to make healthier popcorn at home. Perfect for a gathering with friends or a movie night at home with your favorite Peanuts® character, Snoopy®.

This microwave popcorn maker turns 1/2 cup (4 oz) of regular kernels into great tasting, light and super fluffy popcorn without the chemicals or artificial additives in just 3 minutes. Clean up is easy because it is dishwasher safe.

What Is Included

- 1 Silicone Popcorn Maker Base
- 1 Silicone Lid
- 1 Snoopy Removable Figurine
- 1 User Manual

Specifications

- Materials: Heat Resistant Food Grade Silicone
- BPA Free
- Microwave Safe
- Dishwasher Safe
The Peanuts® Silicone Popcorn Maker makes it super easy to make fresh, healthy popcorn in minutes.

**Step 1 - Fill**

To begin, remove the Snoopy® figurine from the lid. Place up to 1/2 cup (4 oz) of your favorite brand of popcorn kernels in the base.

*Do not fill more than 4 oz. of popcorn kernels to prevent over popping and scissing.

**Step 2 - Close**

Next, place the Peanuts Silicone Popcorn Maker lid securely back on the base to prepare for the next step.

**Please Note:**

Very Important, you must remove the Snoopy® figurine before placing in the microwave. Figurine is not microwave safe. Simply turn the figurine clockwise to remove it temporarily from the lid then replace after heating popcorn.

**Step 3 - Microwave**

Place your Peanuts® Silicone Popcorn Maker in the microwave* and set timer between 2:30 to 3:00 minutes* on high setting. Cooking times vary by microwave. While popcorn is popping, listen for slowing popping. When popping slows to 2 seconds between pops, stop microwave. Do not overcook or burn.

*Check with your microwave manufacturer for the optimal suggested time and heat settings for your unit.

**Step 4 - Enjoy**

Caution: Popcorn will be very hot. Allow time for popcorn to cool to prevent any injury.

Once popcorn maker is cool to the touch, proceed to remove it from the microwave with oven mitts. Remove the lid slowly to avoid hot steam. Either prepare to serve or add your favorite toppings. Be sure to give your popcorn some time to cool to consume safely.
Topping Suggestions

Once you have made your bowl of fresh warm popcorn you can add your favorite toppings and seasonings. Keep it traditional by simply adding sugar or salt. Even better, why not try a mixture of some of our suggestions to create new and innovative flavors. The options are endless!

- Black Pepper
- Butter
- Caramel
- Cinnamon
- Chilli Flakes
- Garlic Salt / Powder
- Hot Sauce
- Maple Syrup
- Melted Chocolate
