PROJECT DESCRIPTION

The homeowner needed a durable, DIY solution for their leaking patio. The existing slate tile surface was leaking and not cost effective to remove, so another option was needed to waterproof the surface.

CHALLENGE

Provide an easy, DIY waterproof membrane over patio.

LIQUID RUBBER SOLUTION

- Patio was cleaned and leveled with leveling compound.
- Liquid Rubber Seam Tape was applied to all joints and areas which needed extra protection.
- Liquid Rubber Foundation Sealant was poured and rolled over the entire surface.
- 3 heavy coats were applied using a total amount of 20 ft² per gallon.

Products in the Liquid Rubber line include:

- Waterproof Sealant
- MetalSafe Sealant
- Cool Foot Deck Coating
- RV Roof Coating
- Foundation Sealant
- Polyurethane Deck Coating
- Seam Tape
- Geo-Textile
