

KLAUER'S ROOFLINE RIDGOLATOR II®

AVAILABLE IN WHITE AND COCOA BROWN

This Ridge Vent Has Several Advantages Which Have Not Been Available In Other Ridge Vents

The Roofline Ridgolator II has tremendous capacity for the size and profile. We have a free air space of 400 sq. in. There is no other Ridge Vent of equal size with a capacity as great.

The product is bird-proof and has attractive lines blended into the structural lines of the building itself.

This Ventilator has been developed over a long period of time to achieve the most weather-proof characteristics possible and yet have a low profile and staying within the realm of practical economics. Achieving great ventilation capacity economically.

- Large opening which eliminates clogging
- The most weather proof Ridge Vent on the market
- Adjustable Flashings for various roof pitches
- Weather proof connecting flashings for continuous coverage of ridge (full ridge coverage)
- Aerodynamically designed to produce a negative air pressure at point of ventilation
- No disturbing wind rattling—absolutely quiet
- Clean Line appearance, THE ROOFLINE RIDGOLATOR II as the name states, blends into the roof line
- Manufactured of Prepainted Hot Dipped Galvanized Steel, therefore, having great strength
- Installed with ease and rapidity.
- Well protected—two per carton. Weight 62 lbs.
- Flashings packed 10 per carton. Weight 5 lbs.
- Very durable design
- Assembly accomplished entirely with rivets. End Caps are attached
- Ventilator-Throat Opening 5" x 120"
