

KLAUER'S ROOFLINE RIDGOLATOR III®

AVAILABLE IN WHITE AND COCOA BROWN

This Ridge Vent Has Several Advantages Which Have Not Been Available In Other Ridge Vents

The Roofline Ridgolator III® has tremendous capacity for the size and profile. We have a free air space of 370 sq. in. There is no other Ridge Vent of equal size with a capacity as great.

The product is bird-proof and has attractive lines blended into the structural lines of the building itself.

This Ventilator has been developed over a long period of time to achieve the most weather-proof characteristics possible and yet have a low profile and staying within the realm of practical economics. Achieving great ventilation capacity economically.

- Large opening which eliminates clogging
- The most weather proof Ridge Vent on the market
- Adjustable Flashings for various roof pitches
- Weather proof connecting flashings for continuous coverage of ridge (full ridge coverage)
- Aerodynamically designed to produce a negative air pressure at point of ventilation
- No disturbing wind rattling—absolutely quiet
- Clean Line appearance, THE ROOFLINE RIDGOLATOR III® as the name states, blends into the roof line
- Manufactured of Prepainted Hot Dipped Galvanized Steel, therefore, having great strength
- Installed with ease and rapidity.
- Well protected—two per carton. Weight 50 lbs.
- Flashings packed 10 per carton. Weight 5 lbs.
- Very durable design
- Assembly accomplished entirely with rivets. End Caps are attached
- Ventilator-Throat Opening 3 1/2" x 120"
