VALENCIA – *Flame, Hickory, Wheat, Mission, Cinnamon*
Valencia is a vinyl construction that contains no phthalates. It also does not contain any flame retardant chemicals. It does, however, boast terrific performance values including the Ez-Kleen™ stain-resistant protective finish. Valencia has an interesting overall grain that's both familiar and unexpected. It has a subtle gloss that catches the light and a gorgeous two-tone print. Valencia is available in an assortment of neutrals and colors with broad appeal.

CORONADO – *Boulder, Brown Bear, Copper Pot, Elk, Gulch, Pine, Ivory*
Coronado is a vinyl material ideal for hospitality and contract applications. It has superior performance specifications including the Ez-Kleen™ ink and stain resistant finish. Coronado has a classic, pebbly texture with highs and lows that create visual interest. Its subtle gloss adds to the overall appeal, and the warm color palette has something for everyone. No need to search for the Seven Cities of Gold, Coronado provides all the treasure in a fabric you'll ever need.

ORACLE – *Beaver, Clove, Claret, Cream, Olive*
Oracle is a healthcare vinyl upholstery with the Ez-Kleen™ ink and stain resistant finish. It is phthalate free and does not contain any flame-retardant chemicals or anti-microbial additives. A two-tone print over classic leather colors gives Oracle a timeless appeal. This pattern coordinates beautifully with woven prints and works well in casual settings where detail makes all the difference. Oracle is available in a selection of gorgeous colors which we foresee will be quite popular.

CRETE – *Umber, Rainstorm, Hawk, Burlap*
Crete reminds us of a woven textile, with a slightly nubby texture and a lovely two-tone effect that creates a casual, comfy look. It has the Ez-Kleen™ stain-resistant protective finish and an abrasion resistant rating of 100,000 cycles. Crete has a beautifully updated color line that's sure to please.

SEDONA – *Side Saddle, Mesquite*
Sedona is a phthalate-free vinyl fabric with the Ez-Kleen™ stain-resistant finish. It does not contain any flame-retardant chemicals and is RoHS compliant. Well-worn but not quite rough, appealing and ready to take on interiors that call for a relaxed western vibe, Sedona has a unique embossing over a two-tone print. It's an updated interpretation of a cowboy classic and is available in rich, warm traditional leather tones.

EMU – *Ice, Pearl, Bark*
This wildly popular pattern simulates the look of real ostrich skin. You thought it was real? We're not savages. Emu is faux ostrich leather, and while not designed for seat cushions, it is perfectly suitable for inside and outside seat booth backs and headboards. Emu faux ostrich leather is also the perfect accent with solid color leather and faux leather, or microfiber suede. Emu is environmentally friendly. It does not contain detectable amounts of the seven most common and dangerous phthalates (DBP, BBP, DEHP, DOP, DNOP, DINP and DIDP) typically found in vinyl products – it is 7p free! With a selection of fun and fabulous eye-catching colors to choose from, you'll want to pull your head out of the sand for Emu faux ostrich leather.

VERNON – *Black, Walnut, Bark*
A PVC in three colors targeting residential and light contract applications. Vernon has a flat smooth grain, in a slightly higher gloss, which gives each color a rich appearance. Vernon performs well in many applications, and is priced right without giving up quality.

Black Tie (Black Label) – Madrid, Kitoni, Wallaby
One color, 3 distinctive grains make up the black tie collection. Made for promotional, and applications which seek a basic black, this is the go to collection, great for do it yourselfers, residential, and light contract, where the budget minded end user needs a simple solution.
