

## Favorite Fringed Scarf

### Materials:

Viva Glitz by Feza – 1 skein. For a different look, try 1 skein of Feza's Alp Premier or Alp Dazzle (pictured right).

### Cut Fringe before you start knitting.

You can put as much or as little fringe as you want on your scarf. For the Viva Glitz view (pictured left), cut 95 strands each 12" long, and make the tassels five strands each. The Alp Premier version has used 9" strands for fringe. When cutting fringe for Premier or Dazzle separate the different fibers and pick up strands from each fiber stack. This fiber combination will make a tassel. May want more than five strands for these tassels.
