### The NABOF Story...

Not Another Bunch Of Flowers was set up in 2013 by Anikka following her cancer diagnosis when she realised there was nowhere to find suitable gifts for someone going through a tough time. We started with cancer care packages and hospital hampers, but grew quickly to cover all gifts for all occasions. We are proud to use the business to support a number of cancer charities in recognition of the help we received during our own treatment.

We currently stock over 3000 handpicked items from 100 suppliers and carefully select each item for our signature ready-made boxes but there is also the option to make your own!

And we don't just do gift boxes. We offer the whole gift package experience, from personalised keepsakes, to greetings cards and much more.

We are proud to have raised and donated over £125,000 to the following charities in recognition of the support we received during our diagnoses:

## Our Bespoke Gifting Service

We create completely unique gift boxes for both employees and clients to suit your brief and budget.

We make suggestions based on your budget, working with you to tweak the contents to create the perfect gift set, and either send them to a single address or directly to the recipients' homes. We design and create branded gift boxes and cards using your logo and message with a festive feel.

We work with over 100 suppliers and you can choose from a wide range of options including sweet and savoury treats, booze, fun festive gifts, games, décor, pampering or cosy treats, wellbeing gifts, stationery and personalised products. We can also cater for dietary requirements and allergies. The contents can be as 'gifty', 'corporate', 'Christmassy' or as 'festive' (if you'd prefer to avoid the religious connection) as you'd like.

All boxes are carefully packed in house and shipped in advance to ensure they arrive in time, we also keep you updated every step of the way.

So whether you need 100 or 1000 gift boxes, we can cater for your needs!
